IS THERE ANYTHING BETTER THAN GETTING A BRAND NEW BIKE?

Is there anything better than getting a brand new bike? We dare say, for anyone under the age of 10, the answer's going to be a resounding "no". We can't exactly put our finger on what it is that makes the experience so exciting, all we know is that the phrase "new bike psyche" is alive and well with today's younger riders.

As many parents know, there are two options for buying your child a new bike. You can treat it as a disposable item, or, you can invest in what we call a "real" quality bike, which will not only create memories for your child, but for their siblings as well. Yeah, they probably cost a bit more, but it's because they're worth so much more. Safe, strong and durable are three great adjectives that describe every Haro we make. But let's face it; that's the parent in all of us talking. When you're young, you want something that looks cool, plain and simple. If it's not fun and cool to ride, it's not going to leave the garage. We're happy to say that every model in our juvenile line features characteristics that carry down from our more expensive flagship models, creating what we call "instant cool."

In the grand scheme of things, you're young for such a short period of time. Shouldn't the bike you choose be as special as the child you're putting it under? Haro Bikes. Ride anywhere, ride everywhere.

Z-10

Is it ever too early to learn to ride a "two-wheeler"? With our 10" run-style bike (made popular throughout Europe), 1-1/2 to 2 year olds everywhere can begin learning that feeling of balance, without cranks and pedals getting in the way. And best of all, the tires are "indoor friendly", so even when it's raining outside, there's still fun to be had without scuffing mom's linoleum floor.

FEATURES

- Crank-less "Run Bike" frame design
- High impact 10" mag wheels
- Scuff-resistant tubeless tires
- Oversized padded seat with rider-assist grab handle
- Quick release height adjust seat post

GLOSS ORANGE

Z-12

Ah, the luxury of riding a bike that actually fits...Today's 2-5 year olds have a perfect starter bike in our Z12. With its lo-profile frame design, a coaster brake rear wheel, and a set of heavy-duty training wheels (just in case they didn't start out on a Haro Z10), our Z12 couldn't be more equipped to handle your child's first few rides around the neighborhood. And like all of its older brothers, the Z12 comes with a full pad set, so it looks as good as it rides.

FEATURES

- Hi-tensile steel Z series lo-profile frame
- 16-spoke 12" alloy rims
- Padded Jr. seat and Jr. plastic pedals
- Heavy duty training wheels, full pad set and chain guards
- Rear coaster brake

PAD SET AND TRAINING WHEELS

**VERSATILITY
IS THE NAME
OF THE GAME**

Z-16

Versatility is the name of the game with our Z16. Like the Z12, it features a lo-profile frame design (making it easy to climb on and off of), as well as two braking systems- a coaster brake and a hand brake - so that your child can rely on one, while learning the other. A full pad set and training wheels are also included, making this ready to ride, right out of the box. Best of all, we do a boys and a girls version, perfect for any 4-8 year old.

FEATURES

- Hi-tensile steel Z series lo-profile frame
- Sure stop coaster brake and linear pull v-brake with adjustable lever
- 28-spoke 16" alloy rims
- Padded Jr. seat and Jr. plastic pedals
- Heavy duty training wheels, full pad set and chain guards
- Also available in a step thru model for girls

Z-18

If your 6-9 year-old is still learning bike-handling skills and safety techniques then the Z18 is the perfect choice. With a hand brake, a coaster brake, and a lo-profile frame, they have two stopping choices and plenty of standover clearance for a perfect fit. Looking for additional protection? We include a full pad set on every Z-series model we make. And, just like the Z16, it comes in a girl's model, too.

FEATURES

- Hi-tensile steel Z series lo-profile frame
- 28-spoke 18" alloy wheels
- Sure stop coaster brake and linear pull v-brake with adjustable lever
- Padded Jr. seat and Jr. plastic pedals
- Full pad set
- Also available in a step thru model for girls

PAD SET

Z-20

Much like our smaller Z series bikes, the Z20 features a lo-profile frame design, making it easy for a child between 7-10 years old to climb on or off their bike. And, like its younger brother, the Z20 also features a hand brake and a coaster brake for adding stopping power. But the fun isn't exclusive to just boys; we also make a girl's-specific Z20 as well, complete with a full pad set, just like the male counterpart.

FEATURES

- Hi-tensile steel Z series lo-profile frame
- 1-1/8" thread less headset
- Sure stop coaster brake and linear pull v-brake with adjustable lever
- 36-spoke alloy wheels
- Full pad set
- Also available in a step thru model for girls

When you've mastered the use of hand brakes and are ready for a bike with more room up front, the ZX-20 is what you want to check out. Gone are the coaster brake and padsets; in their place are a freewheel, a larger size frame, 990-style brakes, and the look of a core freestyle bike. Whether they want to race, hit the trails, ride the park, or just go back and forth to school, the ZX-20 handles it all.

FEATURES

- Hi-ten frame with 20.3" top tube
- 1 1/8" hi-ten threadless fork
- 7.5" hi-ten bars with alloy stem
- 36/14t gearing
- Haro padded, fully adjustable seat
- Kenda Kontact 20 x 2.25" front and 1.95" rear tires
- Alloy 990 brake

RACE,
HIT THE TRAILS
OR JUST GO
BACK AND FORTH
TO SCHOOL

Been off the bike for awhile? Still think 20" wheels are a little squirrely? No worries; the ZX-24 will smooth you right out. If you're a dad, this is your weapon of choice for keeping up with junior. If you're a taller teenager, look no further for the perfect "ride anywhere, ride everywhere" bike.

FEATURES

- Hi-ten frame with 21" top tube
- 1 1/8" hi-ten threadless fork
- 7" hi-ten bars with alloy stem
- 39/16t gearing
- Haro padded, fully adjustable seat
- Kenda K-Rad 24 x 1.95" tires
- Alloy 990 brake

FL20

Mom or Dad’s a mountain bike rider? No problem; we have just the bike to follow them down the trail on. The Flightline 20 frame has been redesigned from the ground up, sharing the same tube shapes as our flagship models, so that it’s lighter than ever before, yet it still keeps its low-stand over frame design, making this an amazingly user-friendly bike for any 6-8 year old out there.

FEATURES

- HL 410E fork- 30mm travel fork
- Forged alloy w/ 40t chainring w/ guard, square taper BB
- Shimano Tourney TZ-50 rear derailleur
- Shimano Revo, 6 speed
- Pivit alloy micro adjust seatpost

BLACK-YELLOW

FL24

Sharing the same redesigned, lighter weight frame as our Flightline 20, the 24” comes equipped with Shimano twist shifters and original Shimano componentry, making this a perfect choice for the 8-10 year old who dreams of becoming the next XC champion. Not interested in winning medals quite yet? It just so happens, the Flightline 24” functions spectacularly as a neighborhood commuter, too.

FEATURES

- HL 410E fork- 40mm travel fork
- SR Suntour XCC-T202 42/34/24 crankset
- Shimano Tourney TZ-50 rear derailleur with TZ-50 front derailleur
- Shimano Revo, 6 speed
- Pivit alloy micro adjust seatpost
